Madison, Fla. —The Florida Department of Health in Madison and Hamilton counties have lifted a health alert issued on June 9, 2020.

Water samples taken by the Florida Department of Environmental Protection and the Florida Department of Health indicate the river water meets surface water quality standards ensuring the public may resume water-related activities.

About the Florida Department of Health

The department, nationally accredited by the [Public Health Accreditation Board](#), works to protect, promote and improve the health of all people in Florida through integrated state, county and community efforts.
