

PART G: SELL OR GIVE AWAY SEWAGE SLUDGE

Not Applicable

Answer all questions if the facility sells or gives away sewage sludge in a bag or other container for application to the land.

1. Sewage Sludge Amount

- a. Total amount sold or given away in a 365-day period:
Dry Metric Tons

2. Pathogen and Vector Attraction Reduction

- a. Does sewage sludge from the facility meet Class A pathogen requirements?
- Yes
 - No – Explain.
- b. Which pathogen reduction option is met for sewage sludge at your facility?
- Class A – Alternative 1
Thermally Treated Sewage Sludge
 - Class A – Alternative 2
Sewage Sludge Treated in a High pH-High Temperature Process (Alkaline Treatment)
 - Class A – Alternative 3
Sewage Sludge Treated in Other Processes
 - Class A – Alternative 4
Sewage Sludge Treated in Other Processes
 - Class A – Alternative 5
Use of PFRP
 - Class A – Alternative 6
Use of Process Equivalent to PFRP
- c. Which vector attraction reduction option is met for the sewage sludge at your facility?
- Option 1 – Minimum 38 percent reduction in volatile solids
 - Option 2 – Anaerobic process, with bench-scale demonstration
 - Option 3 – Aerobic process, with bench-scale demonstration
 - Option 4 – Specific oxygen uptake rate for aerobically digested sludge
 - Option 5 – Aerobic processes plus raised temperature
 - Option 6 – Raise pH to 12 and retain at 11.5
 - Option 7 – 75 percent solids with no unstabilized solids
 - Option 8 – 90 percent solids with unstabilized solids
 - None/Unknown

3. Pollutant Concentrations

- a. Does the sewage sludge sold or given away meet Table 1 ceiling concentrations and Table 3 pollutant concentrations from 40 CFR Part 503?
- Yes
 - No, please explain.
