

	<p>must increase the inspection frequency in subsequent reporting periods to ensure 100% of the structures are inspected within a 5-year period. Submit the program to EPD for review and approval no later than 3 years following designation with that year's annual report.</p> <p>3.b. Conduct inspections in accordance with the approved program. Provide the number and percentage of the total structures inspected and documentation of the inspections conducted during the reporting period in each annual report.</p>
4. Maintenance Program	<p>4.a. Develop a long-term operation and maintenance program for post-construction stormwater management structures. The program should specify such things as prioritization, factors determining the need for maintenance, maintenance schedules, documentation methods, example maintenance agreement, etc. At a minimum, the program must address all permittee-owned structures, and those publicly-owned structures owned by other entities (e.g. Board of Education and other entities not covered by an MS4 permit that the permittee has the authority to inspect), and privately-owned structures with construction completed after the date of the adoption of the post-construction ordinance. The permittee may choose to also address privately-owned structures or publicly-owned by other entities structures constructed prior to the date of post-construction ordinance adoption. Submit the program to EPD for review and approval no later than 3 years following designation with that year's annual report.</p> <p>4.b. Upon approval by EPD, implement the long-term operation and maintenance program for post-construction stormwater management structures. The maintenance may be performed by the permittee or by the owner/operator of the structure.</p> <p>4.b.1. Conduct maintenance on permittee-owned structures as needed. Provide a list of structures maintained and the type of maintenance performed, including documentation of maintenance activities performed during the reporting period with each annual report.</p>
