LIST OF FIGURES

Figure 1. Aerial map showing the survey area	2
Figure 2. Topographic map showing the survey area (based on the 1994 Saint George and 1994 Moniac GA-FL USGS 7.5' topographic quadrangles)	3
Figure 3. Example of forested area in eastern portion of the survey area, facing north	5
Figure 4. Example of clear-cut area in central portion of the survey area, facing south	5
Figure 5. Example of wetland area in eastern portion of the survey area, facing south	6
Figure 6. Example of wetland area in the southern portion of the survey area, facing north	6
Figure 7. View of typical shovel test profile within the project area	7
Figure 8. 1918 Moniac topographic map showing structures in the central-southern portion of the survey area	9
Figure 9. 1942 Moniac topographic map showing structures in the central-southern portion of the survey area	10
Figure 10. 1967 Moniac topographic map; the community labeled Olivers Mill is no longer present	11
Figure 11. 1994 Saint George and Moniac topographic maps	12
Figure 12. Aerial map showing the locations and results for transect shovel tests placed within the western portion of the survey area	21
Figure 13. Aerial map showing the locations and results for transect shovel tests placed within the eastern portion of the survey area	22
Figure 14. Topographic map showing the locations of Sites 9CR208, 9CR209, 9CR210, and Isolated Find TIAA 4	23
