

1           (B) The County Manager and the County Parks  
2           and Recreation Director may create and  
3           promulgate rules supplemental to those set  
4           forth herein for each of the County's  
5           parks and recreational facilities to the  
6           extent such rules are necessary and  
7           appropriate to particular parks or  
8           recreational facilities. Such rules shall  
9           not conflict with the regulations set  
10           forth by the Board of County  
11           Commissioners. The Parks and Recreation  
12           Director shall be responsible for the  
13           implementation and enforcement of such  
14           rules. A violation of a rule promulgated  
15           under this section shall be a violation of  
16           this Article.

17           (C) The County Parks and Recreation Director  
18           shall have the authority to set the  
19           regular hours of operation for all County  
20           parks and recreational facilities, and  
21           shall further be authorized to close any  
22           park or recreational facility in the event  
23           of an emergency or any event presenting a  
24           threat to life, health, or safety to the  
25           public.
