Jamie,

I was just contacted by Twin Pines and they have requested that we note/change an item on the application. In section B. Land Ownership on page 4, Twin Pines would like to change/update the leased designation of the TIAA Timberlands – 243 acres. Twin Pines would like to not designate it as owned or leased at this time as they are still in negotiations for the lease agreement and may ultimately purchase the property. I have attached an updated page 4 as Twin Pines has requested. We will update it again as soon as the lease/ownership questions are resolved for the TIAA Timberland property. Please let me know if there is anything else that I need to do.

Thanks,

West White
