Floridian Natural Gas Storage Company (FERC Jurisdictional)	Indiantown, FL	FTA	0.04	484,262	02/24/15	07/31/15	15-38-LNG	3691	Miami Palm Beach Jacksonville Tampa Everglades Canaveral Manatee	(1)*Maximum Send-Out Capacity from the truck loading station at this facility is .04 Bcf/Day or 14.6 Bcf/Yr. (484,262 Gal. Day) (2) Company used an EIS from 2008 in application to DOE that was rescinded on October 8, 2010. (3) Original application called for two, 4 Bcf LNG tanks. Developer revised plan to Phase I, one, 1 Bcf tank. However, the remaining Phase II, 4 Bcf tank has not been withdrawn. Both FERC and the DOE are supposed to be reviewing this facility in its new "totality" of 5 Bcf. (4) The original problem in the EIS has not been resolved and involves CFR Title 49, Section 193.2059.
