This short stretch can take longer than you expect, if you take the Franklinville Roundabout more than once, or if you get lost in the woods, or if there are many deadfalls. In the new year expect blooming yellow jessamine, then wild native azaleas (*Rhododendron canescens*). In spring see red maple and white Grancy Greybeard and dogwood trees. Year-round, see resurrection fern, palmettos, pines, live and water oaks, cypress, river birch, willow, and Spanish moss.

Water Levels, Skipper Bridge USGS Gauge 023177483:

122.6' (2.3') lowest boatable: before walking; **131' (10.7') highest safe**
