One of the longest paddles, but well worth it to see why the Alapaha is rated A+ for scenery: overhanging oaks, pines, cypress, river birch, ogeechee limes, herons, bass, turtles, almost no invasive species, old railbridge pilings, a mystery church, power lines, and many creeks.

### Water Levels:

Alapaha, GA, USGS Gauge 02316000:

**215.3' (7.7') lowest boatable**, or walking

**218.2' (10.6') highest safe** to not get lost
