WWALS is an IRS 501(c)(3) nonprofit  
charity est. June 2012

*WWALS Watershed Coalition advocates for conservation and stewardship of the Withlacoochee, Willacoochee, Alapaha, Little, Santa Fe, and Suwannee River watersheds in south Georgia and north Florida through education, awareness, environmental monitoring, and citizen activities.*

*Suwannee RIVERKEEPER® is a program and a paid staff position of WWALS.*

Re: FERC response of November 23, 2020 to WWALS Freedom of Information Act Request about **New Fortress Energy, Miami, Florida**, for copy of PETITION FOR DECLARATORY ORDER or ORDER TO SHOW CAUSE, as well as any responses to either and any records of meetings between FERC and NFE about that Miami facility

Dear Ms. Bose and Ms. Johnson:

Thank you for your response of November 23, 2020, to the WWALS FOIA request of October 12, 2020. Per request from FOIA Public Liaison Toyia Johnson, this letter is confirmation that I did receive your response of yesterday.

However, I am puzzled why FERC needs still more time to produce the requested documents, since it has already been

- Eight weeks since September 28, 2020, when WWALS sent FERC the initial FOIA about New Fortress Energy (NFE)'s Miami Liquid Natural Gas (LNG) facility.
- Also eight weeks since the FOIA Public Liaison that same day misinterpreted our FOIA about Miami to be about Puerto Rico.
- Six weeks since October 12, 2020, when WWALS sent FERC the expanded FOIA.
- Four weeks since October 23, 2020, when FERC "accepted" the WWALS expanded FOIA.
- More than two weeks since November 5, 2020, when FERC informed WWALS that FERC had "accepted" the WWALS expanded FOIA.

It is mysterious what documents or records FERC cannot find in all that time. Please explain.

Thank you for your consideration.

For the rivers and the aquifer,

John S. Quarterman  
Suwannee RIVERKEEPER®
