**RE: Proposed Rules Related to State Assumption of the Clean Water Act Section 404
Program: Public Comment Deadline Suspension Request**

Ms. Mason,

On behalf of our respective organizations and our thousands of members, we are writing to express our concerns regard the Florida Department of Environmental Protection's ("FDEP or the Department") proposal to assume jurisdiction under Section 404(a) of the Clean Water Act, 33 U.S.C. § 1344, for wetland permitting in waters of the United States. This letter speaks specifically to the proposed revisions to Chapter 62-330, the proposed promulgation of Chapter 62-331, the Draft 404 Handbook, and the Department's Statement of Estimated Regulatory Costs ("SERC") all of which were published on February 19, 2020.

Each signatory below is an independent organization, member of Waterkeepers Florida, and a member of Waterkeeper Alliance, a global movement of on-the-water advocates who patrol and protect over 100,000 miles of rivers, streams, and coastlines. More than 350 Waterkeeper Organizations worldwide combine firsthand knowledge of their waterways with an unwavering commitment to the rights of their communities and to the rule of law.

On March 23, 2020, the Department issued a notice which superseded the March 11, 2020 Notice of Hearing for the State 404 Program Rulemaking. In the March 23 notice, FDEP announced that the public hearing related to this rulemaking would take place via three separate video conferences in order to remain "[c]onsistent with COVID-19 social distancing guidance from the U.S. Center for Disease Control and Prevention[.]" These video conferences were scheduled for April 2, 6, and 10th and the public comment period for the rulemaking was extended until midnight on April 17, 2020.

On April 17, 2020, the Department again notified interested parties that "due to these extenuating circumstances" related to COVID-19, FDEP would hold two additional telephonic hearings on April 24 and April 27, 2020. The Department also extended the public comment period for this rulemaking to midnight on April 30, 2020.
