

OPPORTUNITIES

- Some parks contain a variety of amenities and activities for a range of users. Freedom Park, Harrington Park & Mildred Hunter Community Center, J.L. Lomax Park, John W. Saunders Memorial Park, North Lowndes Park & Skate Park, Senior Center, and South Lowndes Recreation Complex are examples that provide users of different ages with a variety of things to do. The range of activities offered also helps increase the level of activity in these parks.

Most of the parks, however, lack a mix of things to do. This lack of things to do may lead to inactivity or undesirable activities in the parks. The VLPR should look to increase the mix of amenities and programmed and unprogrammed things to do at these parks.

Mix of amenities and things to do at Harrington Park & Mildred Hunter Community Center, John W. Saunders Memorial Park and J.L. Lomax Park for users of all ages
