

Permit Number HW-020(D)

Perma-Fix of South Georgia, Inc., Valdosta, Georgia, GAD093380814, is hereinafter referred to as the Permittee.

SECTION I. GENERAL PERMIT CONDITIONS

I.A. Scope and Effect of Permit

1. The Permittee is required to conduct post-closure care, monitoring and corrective action activities in accordance with the conditions of this Permit. Any hazardous waste treatment, storage, or disposal not authorized in this Permit is prohibited, unless such treatment, storage or disposal is specifically authorized by the Director. The Permittee must comply with the Georgia Hazardous Waste Management Act and the Georgia Rules for Hazardous Waste Management, Chapter 391-3-11, which Rules include certain portions of the Federal Hazardous Waste Regulations (found at 40 CFR 260-266, 268, 270, 273, 279, and 124). Where a citation to the Federal Regulations is made in this Permit, it refers to the specific regulations adopted by the Environmental Protection Division (EPD) of the Department of Natural Resources.
2. The issuance of this Permit does not convey any property rights in either real or personal property, or any exclusive privileges, nor does it authorize any injury to private property or any invasion of personal rights, nor any infringement of Federal, State, or local laws or regulations.
3. Compliance with this Permit does not constitute a defense to any action brought by the Director under Section 12-8-75, "Powers of the Director in situations involving imminent and substantial endangerment to the environment or to public health," of the Georgia Hazardous Waste Management Act, as amended.
4. Nothing in this Permit shall be construed to preclude the institution of any legal action under Section 3008 of the Federal Resource Conservation and Recovery Act (RCRA) or under the Georgia Hazardous Waste Management Act, O.C.G.A. Sections 12-8-81 through 12-8-82, as amended.
5. This Permit may be modified, revoked and reissued, or terminated for cause as specified in Rule 391-3-11-.11(7) and 40 CFR 270.41, 270.42, 270.43, and 270.50(d). The filing of a request for a Permit modification, revocation and reissuance, or termination or the notification of planned changes or anticipated noncompliance on the part of the Permittee does not stay the applicability of any Permit condition.
6. The provisions of this Permit are severable, and if any provision of this Permit or the application of any provision of this Permit to any circumstance, is held invalid, the application of such provision to other circumstances, and the remainder of this Permit shall not be affected thereby.

I.B. Management Requirements

1. Unless otherwise specifically authorized by the Director, or as specified by this Permit, the Permittee may not treat, store, or dispose of hazardous waste on any portion of the facility or perform corrective action not specifically authorized by this Permit, until the Permittee has submitted to the Director by certified mail or hand delivery an application for a permit modification to do so and the Director has modified the Permit for that activity.
2. The Permittee shall maintain at a location available for inspection, for the duration of the Permit, the following documents and amendments, revisions and modifications to these documents:
 - a. Complete copy of this Permit and Permit Application, including all Amendments, Revisions and Modifications;
