

Permit Number: HW-020(D)

Perma-Fix of South Georgia, Inc., Valdosta, Georgia

9. Reporting Planned Changes. The Permittee shall give notice to the Director as soon as possible of any planned physical alterations or additions to the permitted facility, including any investigative or corrective action activities (including voluntary corrective measures) which may impact any SWMUs, AOCs, and/or regulated units.
10. Obligation for Corrective Action. The Permittee is required to continue this Permit for any period necessary to complete the corrective action requirements of this Permit.
11. Proper Operation and Maintenance. The Permittee shall at all times properly operate and maintain all facilities and systems of treatment and control (and all related appurtenances) which are installed or used by the Permittee to achieve compliance with the conditions of this Permit. Proper operation and maintenance includes effective performance, adequate funding, adequate operator staffing and training, and adequate laboratory and process controls, including appropriate quality assurance procedures. This provision requires the operation of backup or auxiliary facilities or similar systems when necessary to achieve compliance with the conditions of this Permit.
12. Other Information: When the Permittee becomes aware that the Permittee failed to submit any relevant facts in the Permit Application or Corrective Action Plan, or submitted incorrect information in a Permit Application, Corrective Action Plan, or in any report to the Director, the Permittee shall promptly submit such facts or information.
13. Electronic Records. Where this permit requires Permittee to maintain records or documents at the facility, the Permittee may satisfy such a requirement through the use of electronic records that are readily accessible at the facility, provided that the Permittee notify EPD in writing of the type of records or documents that the Permittee intends to maintain electronically, the format of those files and the steps the Permittee will take to ensure that the electronic versions of the records or documents reflect the final version of such records or documents (as opposed to superseded drafts).

I.E. Definitions

For purposes of this Permit, terms used herein shall have the same meaning as those in 40 CFR Parts 124, 260 through 266, 268, 270, 273 and 279, unless this Permit specifically provides otherwise; where terms are not defined in the regulations or the Permit, the meaning associated with such terms shall be defined by a standard dictionary reference or the generally accepted scientific or industrial meaning of the term.

1. Area of Concern (AOC) for purposes of this Permit includes any area having a probable release of a hazardous waste, hazardous waste constituent, or hazardous constituent which is not from a Solid Waste Management Unit (as defined below) and is determined by the Director to pose a current or potential threat to human health or the environment. Such areas of concern may require investigation and remedial action as required under the Georgia Hazardous Waste Management Act, Sections 12-8-60, et. seq. and 40 CFR 270.32(b)(2) in order to ensure adequate protection of human health and the environment.
2. Contamination for the purposes of this Permit refers to the presence of any hazardous waste, hazardous waste constituent or hazardous constituent in a concentration which exceeds the naturally-occurring concentration of that waste or constituent in the immediate vicinity of the facility (in areas not affected by the facility).
3. Corrective Action for prior or continuing Releases at the facility (regardless of the time at which the release occurred), for the purposes of this Permit, shall be any measure necessary to protect
