

# HEALTH AND SAFETY ASSESSMENT REPORT

Morven Solar  
80 MW<sub>AC</sub> Photovoltaic Facility  
Brooks County, GA

## **ABSTRACT**

This is an assessment of the potential health and safety impacts of the proposed 80 MW<sub>AC</sub> Morven Solar photovoltaic facility in Brooks County, GA and considers the project design, equipment specifications, and operations, the assessment evaluates potential positive and negative impacts on public health and safety. The conclusion of the assessment is that the Morven Solar project will not create negative health and safety impacts. The clean electricity the project will produce will help to reduce the burning of fossil fuels, which will reduce pollution from those sources and provide millions of dollars' worth of local public health benefits as a result.
