**Subject: Application for a 25-Foot Vegetative Buffer Encroachment  
Proposed Old Clyattville Road Widening  
(Gil Harbin Industrial Blvd. to Mud Swamp)  
Valdosta, Lowndes County, Georgia  
TTL Project No.: 21-07-00563.00**

TTL, Inc. (TTL) respectfully submits this Application for a 25-Foot Vegetative Buffer Encroachment for impacts to State Waters associated with the proposed widening of Old Clyattville Road from Gil Harbin Industrial Blvd. to Mud Swamp in Valdosta, Lowndes County, Georgia. Lovell Engineering has contracted with TTL to act on behalf of the City of Valdosta in the processing of this authorization. This application is submitted under DNR Rule 391-3-7.05(2)(h). The buffer impacts include piping of approximately 670 linear feet ( $\pm 0.045$  acres) of State Waters associated with the widening of Old Clyattville Road.

TTL representatives look forward to working with you on this project.

Sincerely,  
**TTL, Inc.**

Melissa R. Norris, P.G.  
Project Professional III

Christopher Terrell, P.W.S
