

# What We Offer

## Firm and Reliable LNG Supply

- **Only LNG liquefaction plant in Florida to have broken ground**
  - Our Miami LNG plant is currently under construction, and is expected to be operational by Q3 2015
  - The project is fully funded, and completion is not contingent upon financing
  - We have executed an (b) (4) [REDACTED]  
(b) (4) [REDACTED]
  
- **Firm supply**
  - We are a privately-owned and non-utility-owned LNG producer
  - We have no obligation to provide peak-shaving assistance to the local utility
  - As a result, we are able to offer a firm, uninterrupted supply contract to our customers who will rely on the LNG to fuel their fleet
