

Bradford County, Florida
Office of Emergency Management

TOPIC	DISCUSSION	FOLLOW-UP
	<p>under SWRMD.</p> <p>#4. Grants to assist homeowners... Randy Andrews has been working on this issue but not present to comment.</p> <p>Sheriff Smith commented that on the back side of the bypass where they are building up the land by Pleasant Grove is an issue. It is very low lying area and he expresses concern that water will run down the highway from the bypass to CR229 into the Pleasant Grove area and could cause flooding issues. Sheriff Smith questions if there will be any piping put in that area to alleviate that issue but it does not appear so. Piping should have already been at put in at start of construction if it was going to be installed.</p> <p>#5. Replace generator at Starke Police Department..... Police Department is alternate EOC as well as 911 PSAP. Brian noted that this is an eligible project. Sheriff Smith mentioned that the current generator is a very old Ford Outboard motor 306 cylinder and that the fuel tanks to power it with are still in the ground. Brian mentioned Forestry may be a source. They have 60KW generators available.</p> <p>#6 Work with Florida Forest Service for Firewise Communities... Doc Bloodworth spoke on Bradford County CWPP (Community Wildfire Prevention Plan) which was approved in December 2013. Doc Bloodworth mentioned an important part of the plan to make sure the fire prevention goals are realistic and contacts and data are constantly updated.</p> <p>The CWPP has been added to the county's LMS plan by appendix.</p>	<p>Brian Johns to get with Chief Johnson on this issue.</p>
