

- First Responders conduct “show & tell” presentations at all the schools within Bradford County.
- Firewise materials are disseminated to all citizens and builders when applying for permits
- The Bradford County Sheriff’s Office Emergency Management Division provides mitigation and safety techniques through their social media outlet (Facebook)
- First Responders provide materials through an outreach booth at the Bradford County Fair held every year in March.
- The Bradford County Sheriff’s Office Emergency Management Division conducts disaster safety techniques through presentations throughout the year for Kiwanis and Rotary Club meetings.
- Disaster Safety materials are disseminated at the Senior Expo every year.
- Disaster Safety materials are available at the Library and the Senior Center.

The Bradford County LMS Working Group will hold scheduled meetings throughout the 5-year mitigation planning process cycle. All meetings will be public meetings as required by Article I, 24 (b) of the Florida Constitution and any exceptions to this law would have to be noted. There will be an opportunity at every meeting for the public citizens to provide comment on the Local Mitigation Strategy and planning process for updating the LMS.

A legal notice of all County LMS meetings will be advertised on the online websites and in the following printed newspapers prior to each meeting inviting and encouraging the public to attend and participate:

- Bradford County Sheriff’s Office Emergency Management Division website:
<http://www.bradfordsheriff.org/emergency-management/>
- Bradford County Sheriff’s Office Emergency Management Division Facebook:
<https://www.facebook.com/BradfordEmergency>

The LMS Working Group will offer those who are interested in the County mitigation efforts, and unable to attend the LMS meeting, an opportunity to review the plan and submit formal comments. A draft LMS Plan, meeting notices, agendas, minutes, and any other relevant materials presented at the County LMS meetings will be available for review at the Bradford County Sheriff’s Office Emergency Management Division.

The LMS Working Group will hold at least one public meeting to solicit formal comments from the public prior to the final plan approval. After approval by the County LMS Working Group, the revised plan and appropriate crosswalk will be submitted to the State for review and final approval.
