

RAISING THE BAR

Managing a nonstop wastewater treatment operation is no easy feat. The Or-Tec Blue Whale Micro Bar Screen meets the highest standards for maintenance-free reliability and performance, with over 2,000 screen installations in operation. The superfine screen works around the clock to protect your plant, saving you time and money.

Precisely engineered rakes clean the bar array to ensure clog free operation without washwater or brushes.

“THE OR-TEC BLUE WHALE SCREEN HAS MADE A PROFOUND DIFFERENCE TO OUR PLANT ... BEST THING TO HAPPEN TO THE PLANT IN 20 YEARS”

Scott - Operations Manager
Waycross Wastewater Treatment Plant, Georgia

“FIRST, WE HAVE THE WATER SAVINGS, THEN THE REDUCED MAINTENANCE. I JUST FEEL THAT IT IS A VERY GOOD PIECE OF EQUIPMENT AND I WOULD HIGHLY RECOMMEND IT TO ANYONE...”

Rich - Chief Operator
Louisville Wastewater Treatment Plant, Ohio
