SUBJECT:	1:20 P.M. Suncoast Parkway Extension																
AGENDA DATE:	May 27, 2025																
<p><u>BRIEF OVERVIEW:</u></p> <p>Based on the current project requirements, FDOT and its contractors would need to source approximately 4.5 million cubic yards of fill material within 5 miles of the Suncoast Parkway Expansion project limits. FDOT has expressed a concern of the ability to source this material within the project area under their schedule, which could lead to project delays.</p> <p>Justin Hall, FDOT District 7 Secretary, will be present to discuss possible options to partner with Citrus County that allows source mines/borrow pits within our project area in the form of LDC amendments that are limited exclusively to the Suncoast Parkway Extension project.</p>
