ACKNOWLEDGMENTS

We thank E. Edwards, A. Jina, B. Leonard, D. Parker, E. Severnini, W. Schlenker, S. Sutherland, and seminar participants at Property and Environment Research Center (PERC) for comments. M. Gadalla and A. Paul provided research assistance. **Funding:** A.P. acknowledges financial support from PERC. **Author contributions:** K.L.O. conceived of the study. A.P. and K.L.O. conceptualized the study and research plan. A.P. conducted the data analysis. A.P. wrote the manuscript. A.P. and K.L.O. edited the manuscript. **Competing interests:** The authors declare that they have no competing interests. **Data and materials availability:** Data and code are available in openICPSR (47). **License information:** Copyright © 2025 the authors, some rights reserved; exclusive licensee American Association for the Advancement of Science.
