

February 1, 2019

Ms. Kimberly D. Bose, Secretary
Federal Energy Regulatory Commission
888 First Street, NE
Washington, D.C. 20426

Re: *Sabal Trail Transmission, LLC*, Docket No. CP15-17
Request to Place into Service Remaining Phase I Project Facility

Dear Ms. Bose:

On February 2, 2016, as amended, reinstated and extended,¹ the Federal Energy Regulatory Commission (“FERC” or “Commission”) granted Sabal Trail Transmission, LLC (“Sabal Trail”) certificates of public convenience and necessity, among other authorizations, to construct and operate the Sabal Trail Project (“Project”). Sabal Trail hereby requests approval from the Director of the Office of Energy Projects by February 8, 2019, to place the remaining Phase I Project facility into service, as described below.

Pursuant to Environmental Condition No. 9 of the Commission’s February 2 Order, the September 7 Order, and the March 14 Order, Sabal Trail hereby requests authorization to place the FGT Suwannee meter and regulating station (“Suwannee M&R Station”), located in Suwannee County, Florida, into service.

Sabal Trail confirms that it has met all of the conditions of the February 2 Order to place the Suwannee M&R Station into service. As reflected in the Quarterly Status Report filed January 31, 2019,² restoration of the right-of-way and other areas affected by these facilities is proceeding satisfactorily.

If you have any questions regarding this filing, please contact LaShawndra R. Proctor, Advisor, Rates and Certificates at (713) 627-4071 or the undersigned at (713) 627-4102.

Sincerely,
Sabal Trail Transmission, LLC
By: Sabal Trail Management, LLC,
Its Operator
