*RE: Spectrum Energy Georgia LLC
Adel, Georgia Operations
GRAQC 391-3-1-.03(1) SIP Permit Application*

Mr. Cornwell:

Spectrum Energy Georgia LLC proposes to construct and operate a greenfield wood pellet manufacturing facility located at 801 Cook Street, Adel, Georgia 31620 (Cook County). The application materials contained herein seek agency authorization to construct and operate the site in accordance with Georgia Rules for Air Quality Control (GRAQC) 391391-3-1-.03(1) and (2). The proposed operations will be a "minor" source with respect to the New Source Review (NSR) program, a "major" source with respect to the Title V operating permit program, and an "area" source with respect to the National Emission Standards for Hazardous air Pollutants (NESHAP) program. The requisite air toxics assessment has been completed and, upon agency concurrence with application emission calculations, will be submitted under separate cover.

Please call (678-993-7278) or email (toddcloud@gmail.com) if you have any questions.

Sincerely,

on behalf of
Spectrum Energy Georgia LLC
