To Whom It May Concern:

You are receiving this letter because you are on the Georgia Environmental Protection Division's (EPD's) Hazardous Waste Mailing List of the Excalibur Realty (Excalibur) facility Post-Closure Care Permit No. HW-085(D) for the site in Valdosta, Georgia. We would like to inform you of our request for a one-time Temporary Authorization to perform additional site investigation at a Resource Conservation and Recovery Act (RCRA) regulated unit. Specifically, the proposed effort includes installing soil borings through a RCRA-regulated unit cap to enable the collection of soil samples beneath the cap and above the water table, followed by source removal within the regulated unit by excavation and removal of impacted soil from underneath the concrete cap. A copy of the Temporary Authorization and associated Regulated Unit Closure Work Plan for the site activities will be available for review at EPD's offices located at 2 Martin Luther King Jr. Drive SE, Suite 1054 East Tower, Atlanta, Georgia 30334.

If you have any questions, please contact Geoff Gagat with Brown and Caldwell at 615.238.2062 or Sarah Rowell with EPD at 470.251.4816.

Very truly yours,

**Brown and Caldwell**
