

WWALS Watershed Coalition (WWALS) is Suwannee RIVERKEEPER®

A healthy watershed with clean, swimmable, fishable, drinkable water.

WWALS River Revue, September 7, 2024

Hahira, Georgia, January 9, 2024 — Save the date for the second annual WWALS River Revue. This indoor sit-down fundraising dinner will be held 5-9 PM, Saturday, September 7, 2024, at the Turner Center for the Arts in Valdosta, Georgia. Tickets are \$100 a person. It will include the 7th Annual Suwannee Riverkeeper Songwriting Contest, with 2023's First Prize winner Jane Fallon as 2024 Headliner. Chuck Roberts returns as Master of Ceremonies.

WWALS River Revue, September 7, 2024, and Jane Fallon winning First Prize, Suwannee Riverkeeper Songwriting Contest 2023, as M.C. Chuck Roberts looks on

WWALS President Sara Jay Jones said, "Get your song ready about the Suwannee or another river, creek, spring, sink, swamp, or pond in the Suwannee River Basin. We will open song submissions in the Spring."

Suwannee Riverkeeper John S. Quarterman said, "Your ticket or sponsorship helps support everything WWALS does, from water quality tests, paddle outings and swimming & boating lessons, to chainsaw cleanups, and beyond to advocacy to stop trash at its sources, strip mines, and pipelines. We work for water trails, solar power, and Right to Clean Water, with growing engagement for youth and marginalized communities."

Organizing Committee member Arinda Kennedy said, "Maybe you'd like to join the organizing committee!"

About WWALS: Since June 2012, WWALS Watershed Coalition, Inc. (WWALS) is an IRS 501(c)(3) nonprofit charity working for a healthy watershed with clean, swimmable, fishable, drinkable water.

Mission: WWALS advocates for conservation and stewardship of the surface waters and groundwater of the Suwannee River Basin and Estuary, in south Georgia and north Florida, among them the Withlacoochee, Willacoochee, Alapaha, Little, Santa Fe, and Suwannee River watersheds, through education, awareness, environmental monitoring, and citizen activities.

Our Watershed: The 10,000-square-mile WWALS territory includes the Suwannee River from the Okefenokee Swamp to the Gulf of Mexico, plus the Suwannee River Estuary, and tributaries such as the Withlacoochee and Alapaha Rivers as far north as Cordele in Georgia, as well as parts of the Floridan Aquifer— the primary water source for drinking, agriculture, and industry for millions of Georgia and Florida residents.

Suwannee Riverkeeper: Since December 2016, WWALS is the WATERKEEPER® Alliance Member for the Suwannee River Basin and Estuary as Suwannee RIVERKEEPER®, which is a project and a staff position of WWALS focusing on our advocacy.
