Potable Reuse

This is a rule development workshop to discuss and receive public input on the development of proposed amendments to portions of Chapters 62-550, 62-555, and 62-610, Florida Administrative Code (F.A.C.), and create a new Chapter 62-565, F.A.C. These amendments and new chapter will create a new set of rules for potable reuse. These changes will simplify and clarify existing rule language and establish requirements for potable reuse. Notices of Rule Development were published in 2023 and 2024. Links to those publications can be found on the Water Resource Management rule development information website.

This meeting is open to the public. DEP is hosting this public workshop in person at Bob Martinez Center, 2600 Blair Stone Road, Room 609, Tallahassee, Florida 32399, as well as virtually via GoToWebinar.
