2) *Bradford County Emergency Management files*

*Vulnerability*

Through prior events, we have seen Bradford County’s vulnerability to flooding. Bradford County has numerous residents that reside in FEMA designated flooded zones. In addition, the terrain of Bradford County causes it to be prone to flooding.

The Bradford County Comprehensive Plan (2012 Edition) includes the following attachment detailing the county’s flood prone areas:

In addition, the City of Starke Comprehensive Plan (2015 Edition) also details the flood prone areas. The City of Starke is the county’s largest municipality and the county seat. Flood prone areas of the City of Starke are shown below:
