John,

Please find attached our response to the Trail Ridge South expedited RAI, requesting items needed to complete the public notice.

All requested information has been provided accordingly.

Let us know if you have any questions or if there is anything else needed from us to complete the public notice.

Thank you,

Kristen Bell

Subject: RE: Resubmittal of SAJ-2019-00480 - Chemours Trail Ridge South Mine Application

Hi Kristen –

Here is an expedited RAI for the Trail Ridge South project, requesting just what I need to get a public notice done. I may still have questions about the information in the application package I received on January 2nd, although having done at least a quick read-through, I recognize that there's a lot of what I had accepted during the first

review in there. One thing I noted in that package that will need resolution were references to both a Preliminary JD and some aquatic resources not being jurisdictional. Under a Preliminary JD, an applicant doesn't contest the status of any of the aquatic resources on site; they are all waters of the U.S. We don't need to figure that out before a public notice, however an Approved JD would be a big part of a post-PN review.

Respectfully,

John

John,

I am following up again on the application that was submitted on Jan 2nd.

You spoke to Lawson on Feb 12th and stated that we would be receiving a request for additional information.

It has been over a month since the last communication.

Can you please provide an update on the status of this review?

We would like to move forward with the publication notice as soon as possible.

Please let us know what is needed from us to be able to move forward with the publication.

Thank you,

Kristen Bell

John,

Just following up again to see if you have had a chance to review the documents that were submitted on Jan 2nd.

Let me know if there is anything you need from us and what we need to do to get the application noticed.

Thank you!

John,

Just wanted to follow up and see if you have had a chance to review the documents that were submitted.

Connie was inquiring about noticing the application.

Let me know if these is anything you need from us and what we need to do to get the application noticed.

Thank you!

John,

Can please request a new FTP link?

I will get that application for the TRS-404 application submitted today, once the new link has been recieved.

Thank you,

Importance: High

John,

As discussed earlier this year, we have finalized the documents for the Trail Ridge South 404 re-submittal to the USACE.

I am requesting an FTP link so that we may formally submit the application.

Please let me know if there is anything else I need to do at this time.

Thank you,

Kristen Bell
