

## Tire Permitting and Compliance

By the end of the second quarter of state fiscal year 2026, there were **5,572** registered scrap tire generators, **693** registered used tire dealers, **193** permitted tire carriers, **52** approved or permitted tire sorting operations, and **11** permitted scrap tire processors in Georgia. There were also **nine** sorters, **42** carriers, and **32** processors outside of Georgia approved by the program to accept scrap tires generated in Georgia.

## Tire Dumps
