

(d) “Closed season harvest record” means a document where harvesters during the *Vibrio* control months record the date, harvester name, harvest location, the time of initial harvest, the time of initial icing, the time of final harvest, quantities harvested, the time of final icing or any information as determined and approved by the Department.

(e) “Harvest” means the removal of shellstock from the water with the intention of marketing the product for consumption and not returning the shellstock to the water after husbandry practices. Harvest commences when the first shellstock not intended to be returned to the water is removed from the water, regardless of whether the shellstock is temporarily placed back into the water after culling, sorting, or other activities.

(f) “Harvester” means a person who is authorized by the Department to harvest shellfish for commercial purposes at the request of a master harvester.

(g) “Harvest area” means the designated area that has been granted to an individual to plant, grow and harvest shellfish for commercial purposes.

(h) “Harvest tag” means a durable, waterproof tag affixed by a commercial shellfish harvester to an individual container of shellstock or, if a bulk tag is used, an individual lot of shellstock, and meeting the specifications for harvester tags contained in the NSSP Model Ordinance and as required by the Department and Georgia Department of Agriculture.

(i) “Husbandry” means any activity related to the cultivation and management of shellstock prior to their harvest, including but not
