

# Solar Rocks for the Equinox

March 7, 2017

Press Release: For Immediate Release

## Solar Energy Expo

### Save the Date

When: 9am-5pm Saturday, September 23, 2017

Where: Sierra Club North Florida Headquarters at

Rum 138 2070 SW County Road 138, Fort White, FL 32038

The Suwannee-St. John's Sierra Club North Florida Working Group is pleased to announce that we will be sponsoring "Solar Rocks for the Equinox," an educational and fun event that will give people the knowledge they need to move toward purchasing a solar power system.

There will be solar power vendors on hand to answer your questions. Educational talks will dispel any myths that solar power will not work for you. Listen to live music as you check out Solar exhibits and displays.

This free event is open to the public. We encourage everyone to come, have fun, and learn about how solar energy is the right choice for the future.
